What Makes eLeaP the Leading LMS Solution?

eLeaP transforms learning, simplifies compliance, and drives organizational outcomes across industries.

Intuitive Interface

Easy to use for all user levels.

Flexible Course Creation

Build custom courses with advanced tools.

Compliance & Certification

Manage continuing education, certification, and industry compliance effortlessly.

Scalable & Customizable

Adapt the system to your organization's size and needs.

Advanced Reporting & Analytics

Real-time insights for informed decision-making.

Course Creation & Management

Easily create, organize, and manage courses, learning paths.

Create Courses Your Way

Support for standard, observation assessment, and gradable/non-gradable courses.

Custom Course Settings

E-Signatures, self-enrollment, lesson locking, completion deadlines, and recurring assignments.

Interactive Learning Content

Upload videos, SCORM files, documents (PDF, Word, PPTX), YouTube/Vimeo embeds, and more.

Engagement Tools

Feedback forms, discussions, notifications, quizzes, and certificates.

Customized Learning Paths

Multi-modal delivery for courses using customized learning paths.

Standard Operating Procedure (SOP) for Quality Review of Marketed Products

1. Purpose:

This SOP outlines the procedures for conducting a quality review of marketed products to ensure that they continue to meet quality standards, regulatory requirements, and customer expectations. The goal is to identify and address any quality issues, ensure product consistency, and maintain compliance with regulations.

2. Scope:

This procedure applies to all marketed products within the organization. It covers the ongoing monitoring, review, and evaluation of product quality throughout the product lifecycle.

3. Responsibilities:

- Quality Assurance (QA): Oversees the quality review process, ensures compliance with SOPs, and conducts regular audits.
- Product Manager: Coordinates quality review activities and ensures that relevant data is collected and analyzed.
- Regulatory Affairs: Ensures that quality reviews comply with regulatory requirements.

User Roles & Permissions

eLeaP supports different roles with tailored permissions to manage learning effectively.

Admins

Full access to course management, user creation, reporting, and integrations.

Instructors

Manage courses, users, and learning paths. Collaborate on content creation.

Coordinators

Oversee assigned users, groups and ensure progress through reporting.

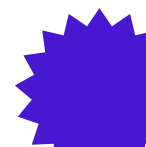

Managers

Assign courses, monitor progress, and manage groups of users.

Supervisors

Perform observation checklists, manage OJT, and ensure team compliance.

Trainees/Users

Engage with assigned courses, track personal progress, and achieve certifications.

Observation Assessment of Bolton, James Jane

START ASSESSMENT

Description

The Contractor Site Observation Checklist is designed to provide an indication of contractor WHS conformance to safe work practices. It is not intended to be an extensive checklist and the Contract Supervisor should make relevant comments about Health & Safety matters not in this checklist.

Observation Checklist

Are work areas barricaded to prevent unauthorised access?

Is the work area free from rubbish and obstructions?

How well are building materials/tools stored within the confines of work area or in an agreed location?

Get a live session with an eLeaP solutions advisor.

Reporting & Analytics – Data-Driven Learning Decisions

eLeap's advanced reporting features provide organizations with the data they need to track and improve learning outcomes.

Comprehensive Reports

Course completion, non-completion, user progress, quiz results, and more.

Customizable Scheduled Reports

Automatically receive detailed reports via email on a set schedule (daily, weekly, monthly).

Learning Path Completion Reports

Analyze progress for grouped courses, identify bottlenecks, and track certifications earned.

Engagement & Interaction Reports

Measure engagement through feedback forms, discussion participation, and quiz interaction rates.

Actionable Data

Download and analyze reports to drive improvements in learning programs.
